P R O F I L E

To give my best in my professional pursuit and be a part of a reputed organization that provides me opportunities to exhibit my skills and enhance it for the development of the organization and self.

P R O J E C T S

HALL RESERVATION

Designed and developed a responsive hall reservation website utilizing HTML, CSS, and JavaScript for the front end, Firebase for backend and database integration. Successfully completed as a key project in college academics.

PORTFOLIO

Developed a dynamic personal portfolio website using HTML, CSS, and JavaScript, featuring a responsive design, interactive elements, and seamless user experience to effectively showcasing my projects and skills.

TO-DO LIST

Designed and developed a dynamic to-do list web application using HTML, CSS and JavaScript enabling users to efficiently manage tasks with features like task creation, deletion and real-time status updates. Focused on a responsive and intuitive user interface to enhance user experience.
